GENERAL AND PARTICULAR CONDITIONS

1. PARTIES AND PURPOSE OF THE CONTRACT

On one side, the LESSOR (the Company) identified in the header of this document, engaged in the activity of renting vehicles without a driver, and on the other side the RENTER, a natural person identified in the header, with sufficient legal capacity to be bound, execute this vehicle-rental contract without driver.

The LESSOR temporarily transfers to the RENTER the use of the vehicle described in the "Vehicle data" section, and the RENTER accepts the conditions of this contract, declaring that they receive the vehicle in correct working order, clean, well preserved and equipped (including spare wheel or anti-puncture kit, warning triangles, high-visibility vest, vehicle documents and a set of keys).

2. AUTHORISED DRIVERS AND MINIMUM AGE

The RENTER is the only authorised driver by default. Only persons expressly declared by the LESSOR at the start of the rental may drive the vehicle; they must be identified by name and sign the vehicle delivery form.

The minimum age to rent any vehicle category is 21 (completed), and the maximum is 75. Special categories may require a higher minimum age. The driver must hold a valid driving licence in Spain (or valid in the EU with a sworn translation if applicable) with at least one (1) year of seniority in the category corresponding to the rented vehicle.

The RENTER guarantees that every person driving the vehicle meets the above requirements.

Driving by an unauthorised person is a serious breach, empowering the LESSOR to terminate the contract, withdraw the vehicle and bring any applicable legal action, without prejudice to the criminal, civil and administrative liability of the unauthorised driver.

3. RENTAL PERIOD, DELIVERY AND RETURN

The rental period begins on the date, time and place agreed for delivery and ends on the date, time and place agreed for return, as set out in the "Reservation data" section. Any modification requires written agreement of the parties (e-mail is acceptable).

A delay of more than thirty (30) minutes over the agreed time, without the LESSOR's authorisation, empowers the LESSOR to charge an additional day for every 24-hour period, or to bring legal action for the unlawful retention of the vehicle under articles 237 and 244 of the Spanish Criminal Code.

If the vehicle is returned to a different office or location than the one agreed, the RENTER will pay the "one-way" or different-office return supplement in force at the time of return, unless expressly agreed otherwise.

4. PRICE AND SECURITY DEPOSIT

The total rental price, including all agreed items (base rate, mileage, insurance, airport fees if any, applicable VAT and any other supplements), is itemised in the "Price and deposit" section. Any applicable additional charge will be calculated at the close of the rental and charged against the deposit or against the payment method provided by the RENTER.

The RENTER delivers in this act, by way of security deposit, the amount shown in the "Price and deposit" section, as collateral for the obligations arising from this contract. The deposit will be returned in full within a maximum of thirty (30) days from the date of return of the vehicle, once the vehicle's condition has been verified, deducting, if applicable, the amounts corresponding to damage, fuel, fines, tolls, administrative costs and any other amount owed by the RENTER. The deposit may be retained, in whole or in part, to cover: (i) repairs for damage not covered by the insurance or franchise; (ii) refuelling of unreturned fuel; (iii) extraordinary cleaning; (iv) loss, theft or deterioration of keys, documents or accessories; (v) tolls, fines or administrative or criminal sanctions not satisfied; (vi) additional rental days due to late return; and (vii) any other economic obligation derived from breach of the contract.

5. FUEL, CLEANLINESS AND MAINTENANCE

The vehicle is delivered with the fuel level indicated in the "Vehicle condition" section and must be returned with the same level. If the return level is lower, refuelling will be charged at the price in force at the time of return plus a handling surcharge. If the vehicle is returned with a fuel level higher than at delivery, no amount will be paid for the difference.

The vehicle is returned in the same state of cleanliness in which it was delivered. When the vehicle is returned in extraordinary dirty conditions (vomit, mud, sand, animal hair, organic remains, persistent bad smell, unusual stains, residues in upholstery) the LESSOR may charge the RENTER the extraordinary cleaning costs, with a minimum equivalent to one hour of professional detailing service.

The RENTER undertakes to periodically check oil, coolant and brake-fluid levels and tyre pressure, and to heed the instrument panel warnings, assuming the costs derived from negligent use of the vehicle (including refuelling with the wrong fuel).

6. LAWFUL USE OF THE VEHICLE AND COOPERATION WITH AUTHORITIES

The RENTER declares that they will use the vehicle exclusively for lawful purposes and in accordance with current Spanish and European legislation. The following are expressly prohibited:

(i) transporting persons or goods in violation of the law; (ii) taking part in competitions, rallies, sporting events or any use on a circuit; (iii) pushing or towing other vehicles; (iv) using the vehicle for the commission of unlawful acts; (v) driving off paved roads or in conditions unsuitable for the vehicle; (vi) assigning, subletting or lending the vehicle to third parties; (vii) driving under the influence of alcohol, drugs or substances that impair driving ability, or exceeding the legal alcohol limits; (viii) smoking inside the vehicle; (ix) transporting animals without a suitable carrier.

The RENTER shall be the sole responsible party for any improper, illicit or unlawful use of the vehicle during the rental period, expressly holding the LESSOR harmless from any administrative, civil or criminal liability arising from such acts, including the payment of any bail in criminal proceedings in which the LESSOR may appear as injured party.

The RENTER expressly authorises the LESSOR to disclose their personal identification data, a copy of this contract, a copy of the driving licence, photographs of the delivery and return of the vehicle, and any other documentation related to the rental, to the Dirección General de Tráfico (DGT), to the city councils and other competent administrative authorities for driver identification, attribution of traffic sanctions, management of Low Emission Zones (ZBE) and SER Zone, as well as to the Security Forces and Corps (Guardia Civil, National Police, regional and local police), to the Courts and Tribunals and to insurance companies, when necessary for driver identification, prosecution of offences, recovery of the vehicle, criminal proceedings or any other legal requirement.

This authorisation is granted in advance, broadly and irrevocably for the purposes of articles 6.1.c) and 6.1.f) of Regulation (EU) 2016/679 (GDPR) and articles 6 and 8 of Spanish Organic Law 3/2018, on the Protection of Personal Data and guarantee of digital rights (LOPDGDD).

7. GEOGRAPHICAL SCOPE

The vehicle may be driven within the territory of Spain (mainland, Balearic Islands, Ceuta and Melilla). For journeys to the Canary Islands, Andorra, Gibraltar, Morocco or any other country other than Spain, the RENTER must obtain prior, express, written authorisation from the LESSOR, which may require taking out a frontier-insurance policy or equivalent.

Driving the vehicle outside the authorised geographical area without written consent of the LESSOR is considered a serious breach, voiding all coverages and leaving the RENTER as sole responsible party for any damage, sanctions, confiscations or costs, including repatriation of the vehicle.

8. FINES, SANCTIONS, TOLLS AND ADMINISTRATIVE COSTS

The RENTER shall be the sole responsible party for all fines, sanctions, complaints, tolls, parking costs, ZBE access charges, tow-away fees and any other economic obligation derived from the use of the vehicle during the rental period.

The RENTER shall also be exclusively responsible for the administrative handling costs incurred by the LESSOR as a consequence of fines, sanctions or tolls passed on to it, with a minimum of 30 € per file, as well as the cost of tow, rescue, repatriation of the vehicle, vehicle opening for lost keys and lock replacement.

The LESSOR will pass on to the RENTER the full amount of any fine, sanction or toll, including surcharges and late-payment interest, by charging it to the card provided as guarantee or, failing that, by bringing a claim for the amount, all without prejudice to its right to provide the sanctioning authority with the identification data of the driver as foreseen in clause 6.

9. VEHICLE DAMAGE, VANDALISM AND DELIBERATE ACTS

The RENTER shall be liable for damage to the vehicle caused by negligent use, reckless driving, breach of traffic rules, improper use of the vehicle, or any other culpable action. The amount payable will be determined by the workshop appointed by the LESSOR or, if applicable, by the insurer, and will be charged against the deposit or, if insufficient, will be claimed through the appropriate channels.

In particular, the RENTER shall be liable for the full cost of repairing any damage determined to be the result of deliberate acts of vandalism, understood as any intentional action to damage, break, scratch, stain, mutilate, hit, paint, empty or disable the vehicle, its components, accessories or interior or exterior elements, as well as that caused intentionally by third parties introduced into the vehicle by the RENTER, without prejudice to the criminal liability that may be derived from articles 263 and 264 of the Spanish Criminal Code (damage offence), which provides for prison sentences of one to three years for serious damage caused by any means, including graffiti or inscriptions, and of up to one year in prison when the value of the damage exceeds 400 €.

When the RENTER becomes aware of any damage, attempted theft, theft, vandalism, intentional vandalism, destruction or any other deterioration of the vehicle, occurring both inside and outside their presence, they are obliged to: (i) report it immediately to the Security Forces and Corps (Guardia Civil, National Police or Local Police), obtaining a copy of the report with a reference number; (ii) inform the LESSOR within a maximum of two (2) hours by calling the number indicated in the header, providing a copy of the report; (iii) not move the vehicle until the LESSOR's personnel or, if applicable, the authorities arrive. Failure to comply with this reporting obligation will empower the LESSOR to consider the RENTER as the sole responsible party for the damage, voiding any coverage.

10. FAILURE TO RETURN, THEFT AND MISAPPROPRIATION

The RENTER undertakes to return the vehicle, its keys, documents and accessories on the date, time and at the place agreed. Retention of the vehicle beyond the contractual term constitutes a serious breach that may constitute a criminal offence, giving rise to civil and, where applicable, criminal liabilities, in particular those provided for in articles 237 to 243 of the Spanish Criminal Code (theft), 244 of the Spanish Criminal Code (unlawful use of another's vehicle) and 252 and following of the Spanish Criminal Code (misappropriation and removal of assets).

In the event of non-return on the agreed date, the LESSOR is expressly empowered to: (a) require the RENTER to return the vehicle immediately by any means, including telematic (GPS locator); (b) file a complaint with the Security Forces and Corps, in particular with the Guardia Civil, for the offences of unlawful retention, theft, misappropriation or, if applicable, fraud; (c) bring civil actions for the value of the vehicle, damages and lost profits; and (d) publish the facts through whatever means it considers appropriate for the recovery of the vehicle.

The RENTER expressly holds the LESSOR harmless from any liability that may arise from the immobilisation or removal of the vehicle by the authorities or by third parties, in the event of non-return or improper parking at the end of the contract.

11. ACCIDENTS, BREAKDOWNS AND ASSISTANCE

In the event of an accident, theft, robbery, fire, vandalism or any other incident, the RENTER must: (i) obtain an accident report signed by both parties if there are third parties; (ii) report the event to the competent Security Forces and Corps, obtaining a copy of the report; (iii) not move the vehicle until the LESSOR's personnel or the authorities arrive; (iv) report the event to the LESSOR within a maximum of two (2) hours; (v) fill in the amicable accident form on the printed forms available in the vehicle. Failure to report or to inform will empower the LESSOR to consider the RENTER responsible for the totality of the damage.

The vehicle is covered by an insurance policy with mandatory third-party liability cover, in accordance with Royal Legislative Decree 8/2004, on civil liability and insurance in vehicle traffic. The identification of the insurance company, the policy number and the road-assistance telephone number are shown in the "Vehicle data" section. Additional coverages (fully comprehensive insurance with or without deductible, occupant insurance, etc.) will only apply if expressly contracted and paid for by the RENTER, as reflected in the "Price and deposit" section. Road assistance derived from mechanical failure not attributable to the RENTER (manufacturing defects, normal wear) is included in the mandatory insurance. Assistance derived from negligent use, incorrect refuelling, loss of keys, theft or any other causes attributable to the RENTER will be at their expense, including tow, repatriation of the vehicle, replacement of locks and hotel nights if applicable.

12. INSURANCE AND COVERAGES

The vehicle's insurance policy covers, at a minimum, the mandatory third-party liability cover required by Spanish law. The insurance company, the policy number and the road-assistance telephone number are indicated in the "Vehicle data" section of this contract.

The following are expressly excluded from all coverages, unless otherwise agreed and the corresponding additional premium is paid, damage arising from: (a) driving under the influence of alcohol, drugs or psychotropic substances; (b) driving without the appropriate licence or with the licence suspended, withdrawn or expired; (c) using the vehicle in illicit activities or outside the authorised public roads; (d) transporting persons or goods in violation of the law; (e) assigning the vehicle to an unauthorised person; (f) abandoning the vehicle in a place not allowed; (g) transporting more passengers than authorised by the vehicle's technical sheet; (h) any other cause of exclusion foreseen in the Insurance Contract Act or in the general and particular conditions of the policy.

The RENTER may voluntarily take out additional coverages (fully comprehensive insurance with or without deductible, occupant insurance, mileage extension, additional driver, etc.) in the conditions and prices in force at the start of the rental, which will be reflected in the "Price and deposit" section.

13. PERSONAL DATA PROTECTION (GDPR / LOPDGDD)

In compliance with Regulation (EU) 2016/679 of the European Parliament and of the Council (GDPR) and with Spanish Organic Law 3/2018, on the Protection of Personal Data and guarantee of digital rights (LOPDGDD), the RENTER is informed and gives their express, unequivocal and informed consent for the personal data provided in this contract, as well as those generated during the execution of the same (including vehicle geolocation data, mileage, fuel level, photographs of the vehicle's condition, accident reports and any other data derived from the use of the vehicle), to be processed by the LESSOR for the following purposes: (i) comprehensive management of the rental contract; (ii) maintenance of the historical register of customers; (iii) compliance with legal, tax, accounting and commercial obligations; (iv) identification of the driver before the administrative and judicial authorities; (v) out-of-court and judicial claim of amounts owed; (vi) fraud prevention; (vii) safety of the vehicle and its occupants.

The data controller is the Company identified in the header. The data will be kept for as long as the contractual relationship is maintained and, subsequently, for the limitation period of the legal actions derived from it. The RENTER may at any time exercise their rights of access, rectification, erasure, opposition, restriction of processing, portability and not to be subject to automated individual decisions with legal effects, by written communication addressed to the LESSOR at the address indicated in the header, accompanied by a copy of an identity document. The RENTER is informed of their right to file a complaint with the Spanish Data Protection Agency (www.aepd.es) if they consider their rights infringed.

14. JURISDICTION, GOVERNING LAW AND SEVERABILITY

This contract is governed by the common and civil Spanish legislation, and in particular by the provisions of the Civil Code, the Urban Leases Act in so far as it applies suppletively, the Code of Commerce, the Act on Civil Liability and Insurance in Motor Vehicle Traffic (Royal Legislative Decree 8/2004), the Criminal Code in so far as it is applicable, and any other rules applicable to the rental of vehicles without driver.

For the resolution of any dispute, discrepancy or claim derived from this contract or related to it, the parties expressly submit to the Courts and Tribunals of the city of Madrid (capital), expressly waiving any other jurisdiction to which they may be entitled. However, in the event that the RENTER has the status of consumer or user, the Judge of the consumer's domicile will be competent.

If any of the clauses of this contract were declared null, voidable or ineffective, in whole or in part, by any Court, Authority or Body, the rest of the clauses shall retain their full validity and effectiveness, with the affected clause being replaced by another which, being lawful, produces the same economic and legal effects.

Final notes

These clauses are delivered to the RENTER at the moment of signing, together with a copy signed by both parties and, where applicable, a downloadable PDF copy of the contract.

The LESSOR keeps a signed copy of this contract for the legally established prescription period of any actions arising from it.

The electronic signature produced on the LESSOR's signing platform has, in accordance with Regulation (EU) 910/2014 (eIDAS) and applicable Spanish law, the same legal effects as a handwritten signature produced in the presence of the LESSOR.

ACCEPTANCE AND SIGNATURES

The RENTER acknowledges that they have read, understood and fully accepted the general and particular conditions set out in the clauses of this contract, expressing their conformity by means of the electronic or handwritten signature attached at the end of this document. This signature has the same legal effects as a handwritten signature in the presence of the lessor, in accordance with Regulation (EU) 910/2014 (eIDAS) and applicable Spanish law.
